

ULTRA OIL™ Antibacterial & Antiseptic

Neem, tea tree, manuka and copaiba. 50 ml, in a dropper bottle.

LO012

In short

- Neem oil — described by the manufacturer as antiseptic and antifungal, useful for skin mycoses
- Tea tree oil — described as antibacterial and anti-inflammatory on skin
- Active complex of copaiba balsam, olive, babassu, manuka and blackcurrant oils
- Nourishing base of almond, olive, flax and borage oils — absorbs fast, no greasy shine
- 50 ml, dropper bottle
- Dermatologically tested, CPNP 4829489

How to use it

Shake before use. Face and body: a few drops on clean skin; on a spot or pimple, 2–3 drops. Hair: a few drops in your usual shampoo. Not on broken skin.

Worth knowing before you buy

- Patch-test on the inner elbow first.
- Avoid during pregnancy — especially the first 3 months — and while breastfeeding.
- Not before sun exposure — it makes skin more sensitive to sunlight.
- Too much can clog pores.
- Neem oil makes it set in the cold. Warm it gently in a water bath — that doesn't harm it.
- Sediment and the strong smell are normal — the ingredients are natural.
-

Keep away from the eyes and mucous membranes. For external use only. Keep out of reach of children under 3.

Use within, once opened: 12 months · CPNP: 4829489

Full ingredient list (INCI)
